development of the New Beetle prototype, Volkswagen Beetle: Portrait of a Legend celebrates a lighthearted, unusual view of the most successful automobile in history. This book is not a "how to identify your Beetle" book, nor is it a year-by-year charting of model changes. Rather, through other people's experiences of the car, it allows readers to recall their own fond memories of what it was really like to own a Beetle in its heyday.

Spine title: Import car repair manual, 1983-90. Contains car identification, service procedures, and specifications for models imported to the U.S. and Canada.

This book is designed to present, in one convenient source, comments published in periodicals about 325 automobile models manufactured since 1987 on a model-by-model basis. These periodicals range from general interest to specialized sources as well as repair manuals and other publications related to the individual models.

A world list of books in the English language.
