After an invisible force field seals off Chester's Mill, Maine, from the rest of the world, it is up to Dale Barbara, an Iraq veteran, and a select group of citizens to save the town, if they can get past Big Jim Rennie, a murderous politician, and his son, who hides a horrible secret in his dark pantry.

In 1945, the United States was the most powerful nation in the world. But an Iron Curtain soon surrounded Eastern Europe, and by 1950, Americans were fighting in Korea. In 1952, I Like IKE! swept the nation, and the Fabulous Fifties began. GM sold the most cars, gas was 29 cents a gallon, and a new house cost \$9,000. In 1955, following President Eisenhowers mild heart attack, Americas favorite sick joke had Vice President Dick Nixon greeting Ike at the White House by saying, Welcome back. . . May I race you up the stairs? The Fabulous Fifties of Marilyn Monroe and Elvis Presley gave way to riots, Hippies, and The Beatles during the Radical Sixties. The 1960s began with JFKs New Frontier, grew into LBJs Great Society and the Vietnam War, and ended with Nixons Silent Majority and men on the moon. Soon, Nixon resigned, Ford stumbled, Carters brother sold Billy Beer, and the star of Bedtime for Bonzo led the popular Reagan Revolution. In 1989, Reagans Evil Empire collapsed. Soon, George Bush was

Jan Berry, leader of the music duo Jan & Dean from the late 1950s to mid-1960s, was an intense character who experienced more in his first 25 years than many do in a lifetime. As an architect of the West Coast sound, he was one of rock 'n' roll's original rebels--brilliant, charismatic, reckless, and flawed. As a songwriter, music arranger, and record producer for Nevin-Kirshner Associates and Screen Gems-Columbia Music, Berry was one of the pioneering self-produced artists of his era in Hollywood. He lived a dual life, reaching the top of the charts with Jan & Dean while transitioning from college student to medical student, until an automobile accident in 1966 changed his trajectory forever. Suffering from brain damage and partial paralysis, Jan spent the rest of his life trying to come back from Dead Man's Curve. His story is told here in-depth for the first time, based on extensive primary source documentation and supplemented by the stories and memories of Jan's family members, friends, music industry colleagues, and contemporaries. From the birth of rock to the bitter end, Berry's life story is thrilling,

My unstructured upbringing, and cares to the wind attitude, led to my frequent incarceration, from childhood to adulthood, it's a disturbing story, which is primarily

aimed at the adult reading audience, who enjoy reading about reality situations and crime. I have always been a reader, and to a large extent, that helped me become a self taught person. Born on the banks of the Colorado River in Arizona, and raised up in the Marcos De Niza barrio projects in South Phoenix, I experienced the injustices of the cotton fields, Maricopa County Juvenile Detention Home, and Arizona State Industrial School at Fort Grant, Arizona. I wandered the desperate streets of Los Angeles, and the forlorn railroad tracks, alone, like a lost person without a purpose in life. I was locked up in the jails of Phoenix, and Los Angeles, before winding up in the California State penitentiary system. Upon my release, I struggled to stay out of the pen, and took the jobs that society at large would never want to take. Through numerous personal tragedies, incarcerations, and unfortunate circumstances, I lost control of my life. No one was ever able to change my destructive behavior. The changes when they occurred came from within me, when I could no longer cope, with the situations I had cast my self into. Looking back, I can now see what I couldn't see, during those hopeless time periods. I was very fortunate, to finally be able to leave that life behind me, through relationships that believed in me, and successfully worked, and built myself a civil service work career, from which I retired. I now spend my days enjoying life's simple pleasures, after all my previous tragic missteps. My objective in life now, is to become an accomplished writer.

Baseball and law have intersected since the primordial days. In 1791, a Pittsfield, Massachusetts, ordinance prohibited ball playing near the town's meeting house. Ball games on Sundays were barred by a Pennsylvania statute in 1794. In 2015, a federal court held that baseball's exemption from antitrust laws applied to franchise relocations. Another court overturned the conviction of Barry Bonds for obstruction of justice. A third denied a request by rooftop entrepreneurs to enjoin the construction of a massive video screen at Wrigley Field. This exhaustive chronology traces the effects the law has had on the national pastime, both pro and con, on and off the field, from the use of copyright to protect not only equipment but also "Take Me Out to the Ball Game" to frequent litigation between players and owners over contracts and the reserve clause. The stories of lawyers like Kenesaw Mountain Landis and Branch Rickey are entertainingly instructive.

Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a "filler" in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of

earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s. Swing fans, jazz scholars, and collectors will delight in this book's coverage of newly discovered recordings, broadcasts, and engagements of Benny Goodman, the famed clarinetist, unearthed since Connor's Benny Goodman: Listen to His Legacy (Scarecrow, 1988).

Joe Pieri used to be one of the Glasgow's best-known restaurateurs and ran the remarkable Savoy cafe. His cafe attracted the lowlife during the day but was cleared for theatre-goers in the early evening before returning to service prostitutes and villains late at night. Here, Joe witnessed all human life as it ebbed and flowed through the doors of the Savoy and it is largely from these experiences that he has compiled these tales written in the guise of 'Mario', the cafe owner.

Little Nelly Bates was a delicate-looking child, with a pale, thoughtful face, and

big, round, dreamy-looking eyes. She had none of that wolfish expression that so often characterizes the street Arabs of our large towns and cities; but, on the contrary, there was an air of refinement about her that was difficult to account for. Poor little waif! Her own mother she could not remember. She had only known a stepmother—Na cruel, drunken woman; and, alas! her father was no better. Almost as soon as she could walk she had been sent into the streets with her brother Benny, who was a year older, to get her living as best she could. Never knowing a parent's love, the affections of these two children had gone out to each other. Each to each was more than all the world beside. At the time our story opens Nelly was nine years of age, and Benny, as we said, a year older. Still the minutes dragged along, and Benny came not. The 'busses were crowded with people outside and in, wrapped in huge warm overcoats, and all down Lord Street she watched the hurrying crowds bending their steps homewards. And she tried to picture their cheerful homes, with great blazing fires, and happy children running to greet them, and wondered how none of them ever paused to notice her, shivering there in the shadow of the church. At length the great clocks all around began to strike five, and Benny had not come; a sense of unutterable loneliness crept over the child, and she began to cry. Besides, she was hungry and cold, and there was a great fear in her heart that something had befallen her

brother. The last stroke of the Town Hall clock, however, had scarcely died away when she heard the patter of bare feet around the corner, and the next moment her brother, panting and breathless, stood before her.

'My life was hard, and I had no love. That is what I always longed for so much, love—the real heartfelt kind of love, with hugs and kisses. So a lot of the time I daydreamed and pretended. I was the great pretender long before the song came out! As I sit here, my mind wanders back in time...' Come along on the journey as Frankie Oberlechner shares the tale of Charlea, a woman whose life was never easy, often terrible, but always blessed with joyous moments and God's protection. Charlea is looking back on her life and noticing something important—God has always been there for her. As a child, she found herself needing to act like a grown-up. Her mama and daddy were always drinking away the money. She had to act like a mother for her sister's children when she was only a child herself. Her daddy was abusive, threatening their very lives at times. But Charlea had her grandmother, whose home was a safe haven where she learned about God's love. There life was easier...until her grandmother passed away. Then it seemed as though Charlea would never find the light again. True friends were hard to come by, until she met Lin and June. Soon after she met Ben, they married, despite the fact that no one liked him. She thought life would be different, but Ben proved to be much like her daddy—an abusive alcoholic. As Charlea grew into a woman, she had many ups and downs. Charlea was caught in a terrible web—but then she was reintroduced to God, and things began to change. Join Charlea as she discovers the love she has always longed for and that Life Is Built around If.

was Scotland's first World Boxing Champion and the most talked-about British sportsman of his generation. In fact, many consider him to be the finest fighter the country has ever produced. Benny is the amazing account of how Lynch battled his way above and beyond the 'fifty-shilling men' of his home town of Glasgow to become the champion of Scotland, Britain, Europe and the world, earning a reputation as one of the greatest pugilists of all time. But this absorbing biography also details how his career sadly came to a premature halt because of Lynch's alcoholism, which destroyed his health and led to him being abandoned by his countless followers. It took his tragic death at the age of only 33 to restore the fallen idol to legendary status again. The gritty reality of the daily grind of life in the Depression-era Gorbals is captured vividly in this remarkable story of the rise and tragic fall of a fighting legend. Warner takes on the financial service industry's maxim that to avoid financial destitution in old age, Americans need to put aside larger sums of money that they are currently doing. Warner also advises readers on a number of other ways to enjoy the retirement years, including maintaining good health, having friends and close family ties, and enjoying varied interests and activities. As a musician who grew up in New Orleans, and later worked in New York with the major swing orchestras of Lucky Millinder and Cab Calloway, Barker is uniquely placed to give an authoritative but personal view of jazz history. In this book he discusses his life in music, from the children's 'spasm' bands of the seventh ward of New Orleans, through the experience of brass bands and jazz funerals involving his grandfather, Isidore Barbarin, to his early days on the road with the blues singer Little Brother Montgomery. Later he goes on to discuss New York, and the jazz scene he found there in 1930. His work with Jelly Roll Morton, as well as the

lesser-known bands of Fess Williams and Albert Nicholas, is covered before a full account of his years with Millinder, Benny Carter and Calloway, including a description of Dizzy Gillespie's impact on jazz, is given. The final chapters discuss Barker's career from the late 1940s.

Starting with the New York dixieland scene at Ryan's and Condon's he talks of his work with Wilbur de Paris, James P. Johnson and This is Jazz, before discussing his return to New Orleans and New Orleans Jazz Museum. A collection of Barker's photographs, Dragons terrorize a Virginia town, and one young man finds friendship--and love--in unlikely places in this near-future post-apocalyptic romance from Lambda award finalist R.W. Day. 'A Strong and Sudden Thaw' is a current finalist for the Lambda Literary Awards.

"An exceptional work. I stand in awe of anyone who can piece together the puzzle of a man's life so fully, especially a man as odd and contradictory as Herrmann. A brilliant job."—Leonard Maltin "Bernard Herrmann was a master of psychology. His incredibly innovative music 'inhabited' the film it was in, creating moods that stayed with the audience long after the film was over. Steven Smith captures the very heart of what Herrmann represented. I highly recommend this book to anyone who truly wants a glimpse into the world of this musical giant who changed the very nature of film composing."—Esa-Pekka Salonen, music director, Los Angeles Philharmonic "Fascinating. The scholarship is impeccable, the judgments sound, and the whole thing as compulsively readable as eating popcorn."—Nicholas Meyer, director and writer

into a partnership that was to endure for almost forty years. Their absence from England during the first years of the war led to sharp public comment and controversy, much of it documented here. On their return from America in 1942, hostility to their pacifist convictions and to their homosexuality resurfaced. Prejudice and subterfuge even affected the première of Peter Grimes in 1945, although it could not prevent the opera from being an unprecedented success. The letters in this second volume from the years 1939 to 1945 are among the most fascinating of the correspondence, and - supplemented by the editors' detailed commentary and by exhaustive contemporary documentation - offer a unique insight into American history, politics and culture during the Second World War.

Art Young was one of the most renowned and incendiary political cartoonists in the first half of the 20th century. And far more ? an illustrator for magazines such as The Saturday Evening Post and Colliers, a magazine publisher, a New York State Senatorial candidate on the Socialist ticket, and perhaps the only cartoonist to be tried under the Espionage Act for sedition. He made his reputation appearing in The Masses on a regular basis using lyrical, vibrant graphics and a deep appreciation of mankind's inherent folly to create powerful political cartoons. To Laugh That We May Not Weep is a sweeping career retrospective, reprinting ?often for the first time in 60 or 70 years? over 800 of Young's timeless, charming, and devastating cartoons and illustrations, many reproduced from original artwork, to create a fresh new portrait of this towering
