The understanding of new insights about a toxic relationship is only enlightening. Unless you plan to maintain success and the new ideas there will be NO change. Action and knowledge are NOT the same thing. You must Implement Normal Reality in place of the toxic lie. God sets the exclusive measurement of normal reality and success. We all fall under God's natural laws, which include the five rules of the harvest, the five basic human needs, and the five basic conflicts. You cannot replant yesterday's harvest. It is over. You can only plant today what you will grow and harvest tomorrow.

This is the first comprehensive study guide covering all aspects of pediatric critical care medicine. It fills a void that exists in learning resources currently available to pediatric critical care practitioners. The major textbooks are excellent references, but do not allow concise reading on specific topics and are not intended to act as both text and study guide. There are also several handbooks available, but these are usually written for general pediatric residents and lack the advanced physiology and pathophysiology required for the higher level pediatric critical care practitioner
