Erection problems can be a difficult topic to discuss, but if you have problems getting or keeping an erection, you have good reasons to talk with a doctor: Erection problems not only interfere with your sex life, they can be a sign of other health problems. Erection problems can be a sign of blocked blood vessels or nerve damage from diabetes. If you don't see your doctor, these problems will go untreated and can harm your body. Erection problems used to be called impotence. Now the term erectile dysfunction is more common. Sometimes people just use the initials ED. Your doctor can offer several ED treatments. For many men, the answer is as simple as taking a pill. Other men have to try two or three options before they find a treatment that works for them. Don't give up if the first treatment doesn't work. Finding the right treatment can take time. This publication by the National Institutes of Health (Publication No. 09-5483) provides information on the causes, diagnosis, and treatment of erection problems.

watching porn to keep yourself stimulated however the effects are the same. Sadly when these erectile problems occur, many guys feel like they're not a real man. The frustration of getting hard starts to affect all aspects of their life, not to mention their confidence, self-esteem and mental health. Why I Know So Much About ED? I have struggled with ED for years. I was 17 the first time I first noticed there were problems. I was unable to stay hard during masturbation. At best I would be able to get a semi only to go completely soft once I stopped stimulating. Then I stopped getting morning erections all together. This was the first real sign something was wrong. I was too soft to even put on a condom. And taking Viagra was like a race against time. I didn't feel like a man. Relationships and sex was out the question, I would cry myself to sleep and after years of trying I felt almost suicidal. How to Cure ED for Good and Start Enjoying Your Sex Life The best way to cure ED is to find out the exact reasons why it's occurring, this can astronomically increase your chances of defeating it. No more pain and depression. No more feeling like keeping a woman is impossible. Once you're able to understand why it's happening, you can take steps in order to combat ED for good. Fortunately in Say Goodbye To Constantly Stimulating To Stay Hard you're going to get an inside look at how I cured my erectile dysfunction. After hundreds of hours of research and experimenting with many different medications, I finally found a solution that has made my erection come back and stay for good. It's stronger and harder than even before. No more worrying about going limp, once it's up, it stays up. In this book you will discover: The TRUE physical and psychological causes behind erectile dysfunction and how they contribute to weak erections. Super foods that combat ED, including the BEST undercover testosterone boosting food that most men don't know about. Scientific PROVEN supplements that increase erectile function, erectile strength and increase libido. The MISSING mental aspect to sex no one ever talks about that is not stress or depression. (Hint: This is the main psychological cause behind ED) The #1 EXERCISE for preventing erectile dysfunction and lasting longer than you ever could before. My top action steps to overcome ED in ways you didn't think of and stop it from destroying your life. The SOLUTION more powerful than Viagra and how this made me overcome ED for good.
