Entre las características de este libro, se pueden destacar dos de ellas. Primera, es un texto escrito en inglés y español, para que el lector pueda conocer las explicaciones teóricas y cuestiones prácticas en ambos idiomas. Segunda, el libro incluye numerosos conceptos financieros explicados de una forma sencilla, con ejemplos, para adquirir un sólido conocimiento de los fundamentos de las finanzas. Cada capítulo combina teoría y práctica, finalizando con una relación de ejercicios, cuyas soluciones se proponen, con la finalidad de comprobar el nivel de conocimiento de los diferentes conceptos explicados. Merece mencionarse que el último capítulo se dedica a analizar cuestiones relevantes de la crisis financiera de 2007. Fundamentos de dirección financiera es un libro muy adecuado para estudiantes y profesionales de las finanzas, o cualquier persona que pretenda adquirir un conocimiento sólido de aspectos básicos de las finanzas corporativas. Muchas personas han adoptado, o adoptarán, decisiones de inversión y financiación sobre algunos asuntos particulares, y en este sentido, el libro podría ayudar a elegir la decisión correcta.

A comprehensive guide to understanding the world of financial management and analysis This complement to the bestselling Financial Management and Analysis allows readers to self-test their understanding before applying the concepts to real-world situations. Pamela P. Peterson, PhD, CPA (Tallahassee, FL), is Professor of Finance at Florida State University. Wendy D. Habegger (Tallahassee, FL) is a PhD student in Finance at Florida State University.

A practical and accessible overview of the fundamentals of business finance -- now in its third edition. Managers are constantly expected to make decisions that reflect a full understanding of the financial consequences. In the absence of formal training, few people are prepared for the responsibilities of dealing with management reports, budgets, and capital proposals, and find themselves embarrassed by their lack of understanding. This book is a practical guide to understanding and managing financial responsibilities. Each chapter examines actual tasks managers have to do, from "how to assemble a budget," "how to read variances on a report," to "how to construct a proposal to invest in new equipment," exploring the principles that can be applied to each task, illustrating practical ways these principles are used, and providing guidance for implementation. Guide to Financial Management will help readers understand financial jargon, financial statements, management accounts, performance measures, budgeting, costing, pricing, decision-making, and investment appraisal. This third edition has been fully revised and expanded with detailed examples from 100 leading businesses around the world.

Financial Management and Analysis, Second Edition covers many important financial topics that are neglected elsewhere--from raising funds via securitization to managing a financial institution. This book provides valuable insights into many major aspects of financial management and analysis, and includes expert advice, real-world examples, useful charts and graphs, and incisive end-of-chapter questions that help develop the skill set necessary to deal with the important financial problems encountered in today's business world.
