Porsche Boxster and Cayman follows the design and development of this mid-engined sports car and coupe family, from their origins in the company's concerted racing activities in the 1950s and 1960s, to the drawing board, launch and systematic evolution through successive model ranges from 1996 to 2016. There are detailed profiles and evaluation of all Boxster and Cayman derivatives, including 986, 987, 981 and 718. Specifications of the various models are given including entry-level, S, GTS and GT-4. The special Limited Editions, such as the 550 Spyder 40th Anniversary models are also included. The book covers some of the author's international driving experiences at the wheel of Boxster and Cayman including the Bilster Berg race circuit and Tour Auto. There is also an intriguing interview with successful racer Rebecca Jackson, who describes the techniques of Boxster racing and demonstrates the versatility of this best-handling of all Porsche sports cars and an interview with Porsche design chief Harm Lagaaaj. The book will be of great

January 1st 1982 with the introduction of the new Group B rules. These virtually gave manufacturers carte blanche to design the fastest car they could for world rally special stages, so long as they built at least 200 identical examples. This is the story of Lancia's mid-engined and supercharged rally. The reader is taken from initial thinking about the car and conception, through development to the full history of its rallying lifetime with the help of the car designer and chief engineer, Ing Sergio Limone. Featuring many of Limone's own photographs during development, and interviews with team members. Illustrated with 250 stunning and rare rally action photos.

Nigel Bennett's unique autobiography describes his life and career, from growing-up influenced by car design, to his education and the building of his 750 specials. He describes his work as Firestone Development Manager, recounting many tales of the outstanding designers and drivers of the period. Detailing his work in Formula 1, as a Team Lotus engineer, and then as Team Ensign designer, he also covers his Indycar designs at Theodore, Lola Cars and Penske Cars. Life after his retirement, his involvement in boat design and with modern F1 teams, are also recounted.
